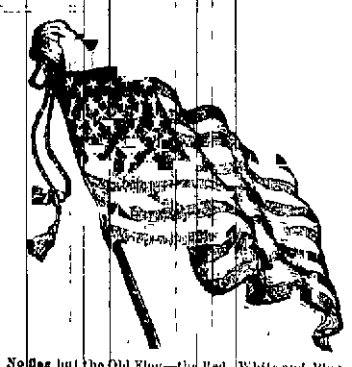
OFFICIAL PAPER OF THE CITY.



No flag but the Old Flag—the Red, White and Blue,
With the stars of a Union undivided and true!
Arise and defend it! No action is theirs,
Whose blood bought the banner your valor must save

MONDAY MORNING, MAY 26, 1862.

The Third Ticket in Multnomah County.

The object of this ticket is to defeat that of the Union party. It has no other purpose. Strange it is that its getters-up do not suppose that Union men understand their object as well as they do themselves. Of course those who are in the measure hope to benefitted. They desire to break up the Union party for their own benefit or that of the disunionists. No man is silly enough not to understand this.

For ourselves we want the question fairly tried in Multnomah county whether there is a majority of Union citizens here or not. Union men have desired this issue—and the secession party have accepted it. The Union men have held a convention, in which the Union sentiment was represented from every precinct; and it has presented to us a county ticket. We do not say that every individual on this ticket is satisfactory to us—but we do say that we—that all the Union party represented in that convention—are bound in honor to sustain its nominations. Unless that is done fully, completely, truly, we do injustice to our cause, to the Union sentiment, and to the extent of our dissatisfaction we sustain the secession party of the county. No argument is needed to prove this truth. Every man who chooses to do so, understands the whole matter.

We have repeatedly said that the question of sustaining the Union, and of consequence the Union party and Union nominations, absorbed all others. It swallows up our present likes and dislikes—and that man who votes for a Union man not a favorite with him, because he is a Union man and a Union candidate, shows that he has honesty and patriotism of the true stamp. We go for our ticket because we believe its election will do much towards strengthening the Union cause in our State. We go for it because we were pledged to abide this nominations of the convention—and because we desire a blow to be struck at secession in this county which will be felt all over the State.

Linn County Union Nominations.

The following are the nominations made at the Union Convention of Linn County: For State Senators—Bartlet Curl and D. W. Ballard; Representatives—Asa McCully, Capt. John Smith, Wm. McCoy, H. M. Brown: County Judge—J. C. Powell; Sheriff—Timothy Riggs; Clerk—James Elkins; Treasurer—E. L. Walters; County Commissioners—O. W. Richardson, Jos. Hamilton; Assessor—D. P. Porter; Superintendent Schools—Hugh N. George. Surveyor—Cyrus W. Clingman; Coroner—John Smith, Sr.

The following resolutions were introduced and unanimously adopted:

Resolved, That the only issue now before the American people is the salvation of our Government.

Resolved, That we indorse the present Administration in its attempts to suppress the present wicked rebellion.

Resolved, That we are in favor of that peace which is sure only to follow when traitors lay down their arms and return to loyalty.

Resolved, That we hereby indorse the proceedings of the State Union Convention held at Eugene City April 9th, 1862.

It is said the Corvallis *Union* is greatly incensed with the declaration of Miller, that he is for war and taxation to put down the rebels. This hostility of the Corvallis paper is all pretence—the editor knows Miller too well to believe that he is doing this for any other purpose than to draw the "wool over the eyes" of weak men.

A Thing to be Remembered.—When the secesbers got up their county ticket in Jackson county, they placed a Union man on it. Though not averse to the office, he informed the committee that he did not wish to see his name in such company. "You cannot handle tar without being defiled."

Munificent Donation.—George Peabody, an American merchant, long a resident in London, has placed in the hands of several gentlemen as trustees, *seven hundred and fifty thousand dollars*, to be used as a fund for the amelioration of the condition of the poor of London.

Won't Say.—At Jacksonville, Judge Wait was asked if he wanted any man to vote for him who rejoiced at the defeat of the Union men at Bull Run; and the Judge refused to answer.

Albert Sidney Johnson met his death in the battle of Shiloh by a cannon ball, which took off a great portion of his head.

Late Eastern News.

The Cincinnati *Commercial* in an article refuting the charge that President Lincoln is conducting the war as an abolition conflict, says:

The great mass of Northern Democrats came heartily up to the support of the Government, when, in spite of its conciliatory policy, it was forced into the war for the preservation of the Union, and the President has not failed to recognize their patriotism and their important services in our legislatures and on the battlefields. The democrats are now represented in the Cabinet, the most important position at the President's Council Board—that of Secretary of War—being filled by the Hon. Edwin M. Stanton, a life-long Democrat. The majority of the great military departments are commanded by men who have been of the democratic party, and have no sympathy with the anti-slavery politicians. Generals Fremont and Banks are the only well-known Republicans who command departments. Generals Pope and Hunter are believed to sympathize with the Republican view of our politics, but they have never been partisans, and we are not certain that even their political tendencies are not misreported. Generals McClellan, Halleck and Buell are democrats. Generals Dix and Butler are well-known democratic politicians. We have never heard Gen. Grant's politics mentioned, but he has certainly never shown a symptom of anti-slaveryism. Gen. C. F. Smith is a democrat, and rather pro-slavery than otherwise. Gen. McClernand, of Illinois, and Gen. Wallace, of Indiana, made Major Generals for good conduct at Fort Donelson, are democratic politicians of note. The commanders of Divisions in General Buell's army, Generals Mitchel, McCook, Nelson, Thomas and Crittenden, have all been opposed to the Republican party. The Commanders of Divisions in Gen. Grant's army, with a single exception, have been against the Republicans in politics. Gen. Curtis is a Republican. Gen. Rosecrans is a democrat. Gen. Shields is a democrat. We have never heard anything about the political opinions of Gen. Burnside. We are not sufficiently familiar with the history of the Commanders of the Divisions and *Corps de Armée* of the Potomac to classify them politically. The President, as is evident from his record, has not attempted in he army appointments to favor his political friends. Indeed, it might be pretty seriously argued that his partiality, if there is any, has been the other way. When the war commenced there was but one democratic Governor in the Northern States, and he (Sprague, of R. I.) has won immortal honor by his zeal, courage and ability in the cause of sustaining the Government.

A large party visited Mount Vernon April 16th, and were gratified by the improved appearance of the grounds and buildings, also to find that no sacrilege has been committed upon the repository of the remains of Washington. The mansion has been repaired and repainted, also the houses formerly occupied by the slaves upon the plantation. The grounds are clothed with rich verdure, the fruit trees are full of blossoms, and the peaceful aspect of the domain contrasts strangely with the war spirit abroad in the land. Pilgrims can visit without molestation the shrine of the patriot, and their numbers will increase now that the season is unfolding the natural beauties of this romantic spot.

The editor of the Nashville *Republican Banner* has been arrested and imprisoned by order of Hon. Andrew Johnson, Military Governor of Tennessee. The cause of the arrest is that the general tone of the paper is inimical to the United States. In consequence of the arrest, the *Banner* has been suspended. The *Banner* was one of the oldest papers in Tennessee, having been in existence over half a century.

General C. B. Conrad was one of the strong, unconditional Union members in the Virginia Secession Convention. After that body had finished its work of treason, Mr. Conrad returned to his home in Culmer county, and was soon after seduced by Gov. Letcher, who offered him a brigadier-generalship in the rebel army. The bait took, and Mr. Conrad fell into the slough. About two weeks since, having become heartily sick of his position, he left the rebel ranks, and voluntarily gave himself up to the Union officers and was sent to Wheeling, where he now is, awaiting an investigation.

A number of secesh women in St. Louis have been restricted in their movements, and their limits for locomotion curtailed, by a military order. They have been in the habit of cheering the rebel prisoners as they passed along in the street, and have of late gone so far as to insult some of our wounded soldiers as they were being conveyed to the hospitals. The women are all in high standing in society.

John C. Heenan, the pugilist, accompanied by his brother, James Heenan, arrived in Liverpool April 3d. He was warmly greeted on landing by a large number of friends who were waiting his arrival. The object of Heenan's second visit to England is to encounter Mace for the belt and championship. He will probably visit the International Exhibition at London.

Secretary Stanton has ordered that any person caught cutting the telegraph wires used by the army, shall be shot down on the spot. One scamp detected in such an act in Virginia was so served.

The press gangs in the Southern States are called "shoulder hippers." When a man in the street is tapped on the shoulder, it means that he must repair to the nearest camp immediately.

From Salmon River.—About $10,000 in gold dust was received by the *Carrie Ladd* on Saturday evening. When the last express left Salmon prospects were changing for the better. The snow has nearly disappeared, and miners are making a thorough prospect of the country, and a few weeks more will tell the extent of the mining region. Rich diggings are reported to have been struck on the south fork of Salmon river.

The *Mountaineer* says that Judge Wait's nomination was satisfactory to all the secesh ers at Corvallis. Every man who hurrahs for Jeff. Davis and mourns the late defeats of the rebels, will vote for Judge Wait—and very few beside.

Capt. Tichenor, State Senator from Umpqua, Coos and Curry counties, has resigned, and Gov. Whitaker has ordered an election to fill the vacancy on the 7th July next.

The Democracy of Columbia County on the Union.

St. Helens, May 21, 1862.

Editor Oregonian:

Below I give you the names of the candidates of the secesh party of this county, with their "antecedents." I wish that their hostility to the Government and their sympathy with the present rebellion, may be fully set before the people; that when they go to the polls, they may be able to vote understandingly. If the men of this county wish to vote a secesh ticket, they certainly have now a fair opportunity to do so. Seth Pope is the nominee for County Judge; has said that he wished for war between the North and South, that he was ready at any time to take his gun and go to fight for the South; that the oath he had taken (as County Judge) to support the Constitution of the United States was not binding upon him; and he tries to ridicule the oath that have been prescribed for officers under Government since the commencement of the present rebellion.

John Henry Smith, the *Statesman's* "red mouthed secessionist," is the candidate for County Clerk. Perhaps if he had the $50,000 he went for to San Francisco, he might carry the election in this county, where he is more interested now. Since he failed to get the nomination for Representative in Congress, John Henry calls the Republicans, "infernal Black Republican traitors," "tyrants" and "dictators;" and says that "the blame for the present war and consequent distress, rests mainly upon them." This sapient disciple of Jeff Davis says: "Who is to be the judge of what the South has done? They say they have the right to secede—that they have cause of complaint—and we have no right to question it;" that "if Jeff succeeds he will be a patriot, if not, he will be a rebel."

Sam'l A. Miles is the candidate for Sheriff. Miles says that he "cannot but sympathize with the South; that all his relatives live there, and if he has to fight, he will fight for the South; and that he would shoot an abolitionist as quick as he would a deer."

F. A. Clement is the nominee for Treasurer. Belongs to the secesh party for office.

Assessor George Merrill will not give up his Democracy for anything—for any principle or any party.

County Supervisor—Thomas W. Drury, another "red mouthed" secessionist.

School Superintendent S. L. Pope says openly that he is a secessionist.

And these are the men the citizens of Columbia county are asked to vote for!

Observer.

A No. 10 Island Exploit.—A correspondent of the Chicago *Tribune* on board the steamer *Wilson*, off Island No. 10, writing under date of April 2d, gives the following account of Col. Roberts' gallant exploit in landing 100 men on the upper part of Island No. 10, and spiking six of the rebels' guns:

With muffled oars, and under cover of the friendly darkness, the boats advanced cautiously along the edge of the bank. Owing to the furious violence of the storm and the darkness, they passed the band unperceived, until they were within a few rods of the battery. For one instant a blinding flash of lightning glared across the water, revealing to the rebel sentinels dark objects approaching them. The next instant the impenetrable darkness closed in. The sentinels fired wildly three or four times, the shots passing over the boats without doing any damage, and then incontinently fled to their tents, which were pitched upon a high ridge some distance back from the battery, evidently impressed with the alarming idea that the whole Lincoln fleet was upon them, and that immediate annihilation stared them in the face. Our boats made no reply. Not a word was spoken. In two or three minutes they touched the slope of the earthworks. The boys swung over the parapet, sledge, and files were busy, and a few vigorous strokes told the tale. In less than three minutes' time all the guns in the battery were spiked completely and thoroughly. They were 6 in number, all of large calibre—2 sixty-fours, 3 eighties, and one of them a splendid inch pivot gun with cushion lock, which received the attention of Col. Roberts's brawny arm. It was undoubtedly the *Lady Davis*. In an unconceivably short time the boats were on their way back, ploughing a path through the surging waves at the imminent risk of submersion, as the current was washing against them with fearful velocity. All arrived safely, however, at the gunboats, exultant over the accomplishment of their important and dangerous mission.

Proposed new U. S. Circuit Court for the Pacific Coast.—Mr. Phelps has introduced a bill to create a new U. S. Circuit Court for the Pacific coast. It provides for a new Circuit Court, having jurisdiction over Oregon as well as California, with one term per year to be held in San Francisco, another in Los Angeles, and a third in Oregon, with special terms at the discretion of the Judge. Some time ago Mr. McDougall announced the readiness of the entire delegation to support such a measure; but there is some reason now to suppose that it will receive support from neither of the California Senators.—*Cor. Bulletin.*

What Gwin is about in Richmond.—Ex Senator Gwin seems to be doing at Richmond just what it has been suspected he was permitted by the Government to go there to do, to-wit: assuring the rebel leaders of the unwavering determination of the people of the North to put down the rebellion, and informing them that our military artisans and manufactories of war material are being constantly increased as though war was expected to be the business for all time to come. If these truthful statements are believed, they are not calculated, certainly, to encourage the hearts or nerve the arms of the enemy.—*Washington Cor. Bulletin.*

Four companies of the Oregon Cavalry Regiment have arrived at Oregon City, and are encamped on the Fair Grounds, on the Clackamas. The *Argus* says they expect to remain there a week.

The Eugene *State Republican* says that "The veritable 'learned pig, homine' is now driving the quill for the *Register*, and that paper is, to all intents, practically a resurrection of the Southern Oregon *Gazette*."

Expectorant without Opium.—DR. HALL'S BALSAM claims the favorable attention of those whose constitution forbid the use of opium or morphine. THE SECESH CONVENTION.—According to notice the secesh county convention met at the Court-house in this city on Saturday for the purpose of making nominations for county offices. Thirteen members were present, and the presiding officer of their last meeting not being present, Thos. J. Holmes was elected to the vacancy and Thos. Fitzgerald acted as Secretary; after which a committee of three were appointed to report on the order of business. During the absence of the committee the remaining few flew around caucusing as to the best mode of bamboozling the democrats. After the return of the committee, Mr. Holmes was authorized to cast the vote for Sauvie's Island, and Mr. Sullivan for Sandy precinct. There still remained a large number of vacancies which was difficult for the convention to find immaculate Democrats enough to fill, but finally succeeded by authorizing one of their number to cast the balance of the vacancies.

Before proceeding with the nominations of candidates, Dr. Loryea addressed the meeting, to the effect that he perceived a disposition to nominate men who had been placed on the Independent Union ticket, and that he, for one, hoped that the Convention would not nominate any one but "Democrats," of the Simon pure article, (of course, such a one as would suit the Doctor's Democracy.) He said they would head their ticket Democratic, and if they had to die let them die Democratic. Dr. Black spoke in opposition to his colleague, and said that if Dr. Loryea meant not nominate Union men, he was out; that he could vote for good Union men, and they did not suppose that he, for one, would vote for all the Corvallis nominees.

At last they nominated Jas. B. Stevens for State Senator, and John Stephenson and Jas. M. King for Representatives. Here a storm of indignation was raised as to the democracy of Col. King, and a question was raised as to his acceptance of the nomination. A messenger was dispatched in quest of the latter, to see about the matter, but on his return an objection was raised to his report. (Col. King's answer.) A motion was here made to reconsider the vote by which Colonel King was nominated, and prevailed. Mr. A. Shipley was then placed in nomination, and one member thought Dr. Caples was eligible and nominated him also, to which Dr. Loryea objected, but the Dr., who was present, rose and gave him "fits;" after which Mr. Shipley was declared the nominee instead of King. The rest of the nominations are as follows: County Treasurer, W. P. Dolland; Clerk, Henry Saker; County Commissioner, S. R. W. Nottage, Charlton; Corner, J. F. McCoy.

DARING ACT.—On Friday night some ruffians cut the ropes used to lower the top-mast of the city flag-staff, and pulled them out of the blocks. It is supposed to have been done by some men who had failed to get the job of putting up the halyards. It is a pity the villains couldn't be detected and punished. The pole has since been raised to its place.

PUBLIC SPEAKING.—The Union candidates for the Legislature, and others, will address the citizens of Portland this evening, at the Courthouse.

SAILED FOR SAN FRANCISCO.—The steamer *Hooker Jonathan* sailed on Saturday afternoon for San Francisco direct, with $60,000 in dust, and but little freight.

MR. NORRIS DECLINES.—We are authorized by Mr. Norris to say that he is not a candidate for County Clerk.

RISING.—The Willamette river, at this date, is again rising.

MR. HOLMES DECLINES.—The following note from Mr. Holmes was received too late for Saturday's paper:

GENTLEMEN:

As I decline being a candidate for sheriff or any other office, on any ticket whatever, you will confer a favor on the undersigned by giving notice to this effect in the next issue of your paper. Very respectfully,

THOS. J. HOLMES.

MARRIAGE BY "AFFILIATION."—Dr. C. H. DeWolf, an itinerant lecturer on phrenology and spiritualist, who lately passed through Portland, has formed a "conjugal alliance" in Olympia. We give form of the contract:

"At the house of the bride's parents (Mr. H. R. Woodard's), Dr. C. H. DeWolfe, of Philadelphia, Pa., to Mrs. Eliza A. Hurd, of Olympia, W. T., in the following manner:

"We, the undersigned, announce to the world that we have contracted a conjugal alliance, and entered into a matrimonial copartnership; believing in the *divine right* of souls to dictate their own forms, and the inspirations of 'MOTHER NATURE and FATHER GOD' as being above Church and priestly CEREMONY, however long dignified by legal enactment and CHRISTIAN dictation. This act we perform (taking upon ourselves the responsibility) in presence of the witnesses whose names accompany our own, and this public declaration."

Made this 13th day of May, 1862.

CHARLES HENRY DE WOLFE,
ELIZA ANN HURD.

Witnesses: H. R. Woodard, Salome Woodard, B. F. Brown, Mary Brown.

Agency Notice.—Mr. L. P. FISHER is our only authorized Agent in San Francisco to receive advertisements, and transact business for the DAILY and WEEKLY OREGONIAN. Office—No. 117½ Washington street, nearly opposite Maguire's Opera House.

☞ **The Medical and Surgical Institute** of DR. L. J. CZAPKAY is already secured in a position which places it, as well as its proprietor, far above the assaults of envy and professional jealousy. In the hospitals of France, the highest prizes are often awarded to practitioners in this department of medical science, and they occupy, with others, an equally lofty position in the profession. Behold in an illustrious example, a shining light among the philosophical stars of his age in Europe, and Dr. Czapkay has fully signalled him in this country; as a proof of which, the Philadelphia College of Medicine complimented him with a Diploma, and the honorary ad eundem degree, setting thus as his fiat of operation, all doubt in qualified as a graduate of the University of Pesth, and late Chief Surgeon of the Hungarian Revolutionary army, for nine re-nowned battles. Dr. L. J. Czapkay has lent his earnest attention to the cure of chronic and private diseases, in which he has become an expert, that he is now regarded as the LEADER in this branch of his profession throughout the United States, and his portrait and biography are published as matter of interest to their readers in the most exclusive journals. The Doctor's offices are at his Medical and Surgical Institute, on Sacramento street, corner of Leidesdorff, nearly opposite the buildings of the Pacific Mail Steamship Company, San Francisco. We ask particular attention to our references to the sworn certificates of remarkable cures, in another column of this paper. Persons not wishing to be at the trouble in corresponding, please enclose $10 in their letters, and they will get immediate attention to their cases. Address, L. J. CZAPKAY, M. The Men of the Times

LINCOLN—SEWARD—McCLELLAN

A Washington correspondent of the New York *Times* recently forwarded to that paper the following notice of these distinguished men The reference to McClellan has received additional point by late events

We are having almost a surfeit of Union victories The cry of the newsboys is stereotyped. They shout the name of the latest papers received with the unfailing addendum, "Another Union victory," to excite eagerness in purchasers Monday they sold us New Madrid," Tuesday, they put 'Newbern' on the market, to day they cry 'Fort Marion' in our ears Surely we can but say now "Sorrow endureth for a night, but joy cometh in the morning" We have had our night—a long, dark, dismal one—starless and profound It closed in on us at Bull Run—the midnight peal tolled fearfully at Ball's Bluff, but the smaller hours have quickly sped away, and purple footed morn forerunts the full orbed day, and scatters all our ghastly fears

It is a time for national joy and thanksgiving What have we not to be thankful for? First, a wise President, a wise Premier, a wise General And they have been brave as well as wise, for fearful storms of party fury have raged around them. It is no time to weigh the merits of men when they are in mid career of action, dealing with events that are to stand out as grand promontories in the dead sea of past ages But at the hazard of offending good taste, and in violation of the cautious rules that should be observed in putting away materials to be culled over for history, I cannot refrain from saying that President Lincoln has already achieved success that will hand him down to posterity as, practically and judged by results, one of the greatest men this country ever knew Is this mere flattery, or is it fact? Let us see He assumed office with almost one-half of the Northern people opposing him, and the entire South crushing him as a monster. He came to Washington, with his life in his hand, to form and conduct an Administration on the absolute ruin of the former moral power and prestige of our Government He had to do this work in the midst of traitors and spies, who filled every Department of the public service and betrayed every movement he made to his enemies. While such were his embarrassments in the detail of Departments, the whole land resounded with the hellish threats of traitors in arms, and the mutterings of a dangerous sympathy with their schemes by thousands in the loyal States The Senate and the House of Representatives, the Constitutional Legislature, began to disintegrate before his eyes—The Judiciary, a subordinate branch of Government, was succumbing to the sirocco that blew from the South—the Army and Navy, the sworn conservators and protectors of all, became the serpents to sting the Government that warmed them into life

Such was the case with President Lincoln one year ago. What is it now? He is safer in Washington than any King upon his throne. He has Departments that are purged and reinvigorated by the infusion of new and loyal men. He has a Congress that, though differing from him at times *toto cœlo*, and urged by their feelings to an irresistible outburst of appeal to him to change his course, yet yield to his final decision with a ready grace that indicates full confidence in his justice and wisdom Of all the millions that were taught to hate him in the South, not one can be found, after a year's war, who can truly say that President Lincoln has uttered one word unworthy of himself, or done one act that, on his soul as an honest man, he ought not to have done, after taking his oath of office. The army and the navy, that the President found weak, dispersed, and demoralized, have grown to institutions that may put the mightiest nations in awe And as to popular support there is no loyal man of the millions that opposed him that is not now his tried friend and supporter, in all efforts to suit the Government as the Fathers made it

Corruption has been rife in every branch of public service, and millions of dollars have been filched from the treasury in the confusion of the times But no breath of suspicion has ever tarnished the polished mirror of President Lincoln's reputation, which gives back a reflection ever the same— 'An honest man is the noblest work of God"

Are not these all facts? If no one disputes them, then is my saying justified that President Lincoln has achieved success that will hand him down to posterity as one of the greatest men this country ever knew— "Great," because he is wise—"great," because he is brave for the right—"great," because he is good He has the modesty and simplicity of Washington, as well as Washington's patient courage He has the statesmanship of Hamilton, to preserve unimpaired the wonderful fabric of our Constitution that Hamilton molded And he has the same God given faith Moses had in leading the people intrusted to his keeping

But great as the President has proved, he has had coequal counsellors—first of whom the impartial world will recognize in William H. Seward That the Secretary of State has inspired much of the Administration policy—that he has upheld and made it successful to a very great extent by his industry, his learning, his logic his self-possession, and his astute diplomacy, he is the dullest observer that does not know full well. In counsel he has been the Nestor, in action, the Achilles of the Administration I exult no jealousies in making this just statement—but simply write down that which every co-worker of Seward will cheerfully acknowledge, and a grateful President is proud and happy to avow

But there is a third hero in this crisis whose name will be written in marble forever That man is George B McClellan, who proved himself able to govern himself and thus worthy to lead and govern men. He fully completes a trio of great rulers, worthy of the best ages of the greatest nations Whom was a man ever so vilified—when so slain fully set upon and calumniated? And when has one borne unjust reproaches and buffetings so patiently? He did not seek the position he holds—it was thrust upon him He never was presumptuous over his promotion He always said "I have yet to show myself worthy the honors I wear" He took hold of our army when it was a routed mob, and the scoff of the world He came to Washington when its present clamorous assailants were fleeing from it, to escape rebel rapine He gave the nation assurance and hope, and upon the ruins he found he built the edifice of mound and material power that overshadows the rebel organizations as a pyramid of Egypt overshadows the vagrant tent at its base, and that challenges the admiration of mankind.

There was a time a few weeks ago when Gen. McClellan's right to stand as one of this great trio was doubted. But the clouds rolled and have scattered lately, and he is found up to the measure of that position We might have known as much The President has been in daily and almost hourly communication with General McClellan for eight months past. The President is sagacious, he is honest—he knows men Could he give his confidence and trust the keeping and fame of his administration to a General who possessed no ability—no greatness? Mr. Seward gave his presence all this time to the councils where the President was principal and McClellan a participant Could the clear and penetrating wisdom of that statesman so long mate with an ordinary drill-master in maturing measures to save an empire?

What reason might have taught results have vindicated The victory of Burnside at Newbern is 'another Union victory' It is a victory for General McClellan, of which General Burnside, who is now enshrined in the popular heart, bears generous evidence in his late official dispatch, ascribing to General McClellan the "instructions" that led him to victory

The following is aunt Betty's description of her fullman "He is the meanest man in the world He skims his milk on the top, and then he turns it over and skims the bottom, and then he turns it up and skims the sides, and then he divides it into ten parts, carefully skimming each part, and then he *waters* it"

All diseases, the first great cause and symptoms arising from neglect or improper treatment

To the Afflicted.

Rather not when a cure is guaranteed in all stages of secret disease—Self Abuse, Nervous Debility, Seminal Weakness in all its stages, Stricture, Gleet, Gravel, Diabetes, Diseases of the Kidneys and Bladder, Mercurial Affections, Scrofula, Pains in the Bones and Joints, Ulcers, Tumors, Blotches, Pimples, Eruptions upon the Face, Pimples upon the Back and Head, Female Irregularities—and all Improper discharges of both sexes. In all cases no matter from what cause the disease originated, however long standing, or obstinate the case, recovery is certain and in a shorter time than a permanent cure can be effected by any other treatment even after the disease has baffled the skill of eminent physicians, and realized all their promises of cure. The medicines prescribed are pleasant, without odor, entirely vegetable, causing no sickness, and free from mercury or balsam. During fifteen years practice on the Pacific Coast, the Atlantic States and California, I have rescued from the jaws of death many thousands, who, in the last stages of the above mentioned diseases, had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care, a speedy and permanent cure Private diseases are the greatest enemies to health as they are the first cause of the consumption series of ills and many other diseases that shorten and render horrible to the human family A permanent cure can positively ever effected—a majority of cases falling into the hands of the incompetent persons who not only fail to cure the disease, but ruin the constitution filling the system with mercury, which with the disease, hastens the suffering into a rapid consumption. But should the disease and the treatment not cause death specially, and the victim marries they are not entitled upon the children who are born with the taint of constitution and the current of life corrupted by the virus which poisons their. In some full letter, ulcers eruptions, and finally affect the skin, eyes, throat and lungs, resulting upon them a very existence of suffering and consigning them to an early grave.

Self abuse is another formidable enemy to health for nothing else in the dread catalogue of human diseases causes so debilitating a drain upon the system—dragging its victim down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the organs of reproduction for marriage and renders the individual all earthly happiness and leaves the sufferer wretched in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of self abuse, that a permanent and speedy cure can be effected and with the abandonment of ruinous practices my patients can be restored to robust vigorous health

Irregularities and all diseases of the female system treated on principles established by Dr Czapkay and practiced by thousands of the most remarkable cures—Medicines with full directions can be sent to any part of the State, Oregon and Washington Territory by addressing the symptoms and inclosing

Remarkable Instance of Medical Relief

Below we publish the certificate of a gentleman who suffered from the ravages of disease, who, having regained their former health, and in order that others may profit by their cases and remedial agents, make the following statement authenticated by a Notary Public, which we do from a sense of imperious command their implicit confidence in the skill of Dr Czapkay and their perusal to the attention of all afflicted with

Certificate—The undersigned, desirous of assisting those who may be unfortunate enough to be afflicted with, or predisposed to, the maladies which a prominent Dr Czapkay has obtained, feels it his duty to the public, and a sincere gratitude to Dr L J Czapkay, for the restoration of his health. Being afflicted with the most distressing symptoms in the vicinity of the kidneys, and the passages in the deepest degree, and unable to perform even the most trifling duties of life, I applied to the above Dr Czapkay, who after examining my case pronounced my complaint to be of a very serious, and at first regarded by me as trifling importance—but alas, after a few weeks, and the expenditure of several months of their earnings, I found myself unable to get relief, but that instead of relief my symptoms became more alarming in their fortune, being principally confined to the bladder, which would be the direful consequences of my health, strength and energy, I commenced taking with but a faint hope, after having applied to many who after examining my case pronounced my complaint incurable, I was instantly relieved from all the pain in the head. Encouraged by the result, I continued to take the medicine immediately under his care, and by his skillful treatment and advice in a few weeks I found the constant pain in my back and weakness of my limbs the nervousness of my whole body on the slightest alarm or excitement, the irritable system and soft feelings the self-distrust and want of confidence in others, the inability to study and want of business, the frightful, exciting, and at times nightmarish dreams at night, all which by his diligence have all disappeared and I feel as I never did before, and attribute the whole to the skill of Dr Czapkay, and I consider it my duty to myself and to the afflicted to make this statement, and recommend him to all who may stand in need of medical advice, being assured by my own experience, that upon a radical and permanent cure will be effected.

DR L J CZAPKAY San Francisco—Sir I have read the last of your medicine and do not think I shall need any more, as I feel very well except that I have not entirely got my strength yet but soon will with the appetite I have. If it had not been for your medicine, which I relied on entirely and never thought you would be able to cure me, perhaps I but thought you might be able to do something for me so that I would not get excited and tremble at my pulse as much as I would not get excited and tremble at my pulse as much as I do. Nothing Now that you know what I expected, you may judge of my satisfaction at having complete recovery from those symptoms and the removal of those sores and blotches from my skin and the others from my throat, and the entire stoppage of those emissions which you said were principally the cause of my sickness I can hardly tell you which is the greatest my joy or my surprise, for except not having had got my strength I feel as well as any man can feel.

And I need not say you can send me your charge, and think myself cheaply cured. If you think anybody will be benefited you may publish this letter in the newspapers. Yours gratefully yours,

THOMAS HAYNES.

Thankfulness is the incentive to gratitude.

CERTIFICATE.—Prompted by an honest desire of my fellowmankind not only as an act of scientific skill, but that of humanity also. About two years ago, I suddenly, and from causes unknown to me was seized with a fit of epilepsy, which, owing to my inability to meet the expenses consequent upon those high medical treatment, and the discouragement which I met with on attempting it, soon became such (I was then led to believe) as to defy the skill of any physician I was frequently while in pursuit of my calling, thrown down to the ground without the slightest warning, and although insensible to the agonies, I yet despised the miseries of my life and soon learned to look upon those who would render assistance as sheltering me from danger as one who sought to prolong the existence of my misery. While in this state and having, previous to my affliction, tasted the sweets of life I once more was induced to attempt seeking all of a physician and by recommendation, called upon Dr L J Czapkay. I told him of my circumstances, and of my inability to reward him for his services; regardless of which however he at once undertook my case, and with the assistance of God I was once more restored to perfect health. Unable to reward him for the boon which I only appreciate and yet conscious of my indebtedness, I consider it due to myself and all afflicted to make the case public, in order that the science of medical advice may find a physician to whom every confidence can be placed
